

SAP Business Intelligence

The purpose of business intelligence is to support better business decision making. SAP NetWeaver BI incorporates the ability to mine data, analyze, and report in real-time, allowing your data to fuel strategic business decisions. Our business intelligence solutions help you measure, enhance, optimize and standardize critical decision processes and key business performance metrics.

We offer a full range of service offerings, including:

- ✓ **Proof of Concept:**
RJT will deliver a SAP NetWeaver BI proof of concept **within 6 weeks.**
- ✓ **Hosted SAP Spend Analytics Solutions:**
As a certified SAP Spend Analytics partner, we will install and maintain your SAP Spend Analytics solution.
- ✓ **Rapid Implementation:**
RJT can perform a standard SAP NetWeaver BI 7.0 implementation **within 12 weeks.**
- ✓ **Technical and Functional Upgrade:**
In 10 weeks, RJT can do a technical upgrade of your SAP NetWeaver BI to SAP NetWeaver BI 7.0.
- ✓ **Assessment:**
RJT provides objective assessments with tangible deliverables of your BI system that help you make informed decisions for immediate and long-term results.
- ✓ **Remote Support:**
RJT provides remote support and administration for your SAP NetWeaver BI installation by our experienced BI consulting team.
- ✓ **BI Demonstration:**
RJT can perform a demonstration of core SAP NetWeaver BI 7.0 functionality.

**System
Integration**
